Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- **10 minutes** to prepare
- **1 hour** to collaborate
- **2-8 people** recommended

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

⏱ 10 minutes

Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

⏱ 5 minutes

Today generation,many specially abled peoples are faces many problems and they have many goals to achieve and not to communicate to others

Key rules of brainstorming

To run an smooth and productive session

- Stay in topic.
- Defer judgment.
- Go for volume.
- Encourage wild ideas.
- Listen to others.
- If possible, be visual.

Brainstorm

Write down any ideas that come to mind that address your problem statement.

⏱ 10 minutes

TIP
You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

Barath kumar S R

Communication should be universal without any barriers or limitations.

Research Institution and enrolled facilities are using the ability to analyze resource data and to recognize the human genome

In emergency times conveying their message is very difficult. It is very difficult for mute people to convey their message to normal people.
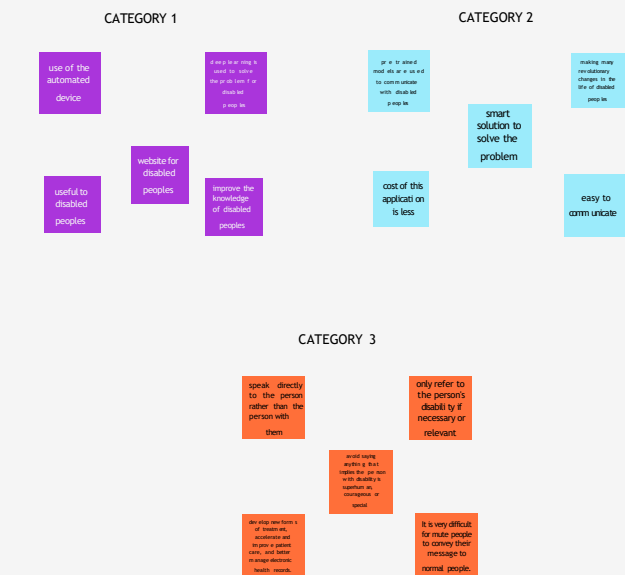

Ananth krishna A

Since normal people are not trained on hand sign language. A technology can apply to any type of disability profile.

Ajay S

only refer to the person's disability if necessary or relevant

avoid saying anything that may bar the person with a disability a way of human, care against or speak

When dragging a lot of our disability associate with, disabled people to a normal computer a not of humanity and communicate disable

Arishkarthik P

Communication should be universal without any barriers or limitations.

If we can a webform to be loaded a at and place within country, and make them able to see them a or weak computer's ever a of humanity and artificially

Request a automatic can will on normal hot computer and interpreter browser at a mute normal level what some kinds of opportunities a

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

⏱ 20 minutes

CATEGORY 1

- use of the automated device
- useful to disabled peoples

CATEGORY 2

- website for disabled
- improve the knowledge of disabled peoples
- smart solution to solve the problem
- cost of this applicant on is less
- easy to comm unicate

CATEGORY 3

- speak directly to the person rather than the person with them
- only refer to the person's disability if necessary or relevant
- avoid saying anything a first better for our sort with disable.it superb on his management or speak
- like shop also have a lot of humanity, as disabled and recpies is present care, and better to speak computer, disable
- It is very difficult for mute people to convey their message to normal people

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

⏱ 20 minutes

Feasibility
Regardless of their importance, which tasks are more feasible than others! (Cost, time, effort, complexity, etc.)

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

⏱ 20 minutes

Quick add-ons

Share the mural
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Export the mural
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint
Define the components of a new idea or strategy.
